

Project logo competition - report

CO-BUS-VET

“Comparison of business policies in vocational education and training in EU countries and adaptation of good practices at VET schools and Vet providers”

The logo competition has been conducted in Jelenia Góra (Poland). We received 51 logo projects designed by secondary school students and hospital patients. The competitors could use any technique but they had to include the project name - “CO-BUS-VET”. 37 works were allowed to join the logo competition. The final choice of the best logo design was made during the project meeting in Valencia (Spain) on 06.02.2014. The representatives of The Netherlands, France, Spain, Great Britain and Poland voted for the best project logo. These are the results of the competition:
